CALL FOR PAPERS

Culture & History Digital Journal

New online Journal featuring original scientific articles and review articles, aimed to contribute to the methodological debate among historians and other scholars specialized in the fields of Human and Social Sciences, at an international level.

Using an interdisciplinary and transversal approach, this Journal poses a renovation of the studies on the past, relating them and dialoguing with the present, breaking the traditional forms of thinking based on chronology, diachronic analysis, and the classical facts and forms of thinking based exclusively on textual and documental analysis. By doing so, this Journal aims to promote not only new subjects of History, but also new forms of addressing its knowledge.

All articles published in this Journal will undergo an exhaustive, double blind, peer-review process.

Culture & History Digital Journal

Culture & History Digital Journal, edited by the Institute of History of the CCHS (CSIC), requests submissions of original articles for the forthcoming Issues. Topics concerning new historical trends and perspectives are of special interest. Single papers or complete dossiers (6-8 papers) will be considered.
